

# Odoo ERP for the Chemical Industry

**DESIGNED TO MEET THE NEEDS OF CHEMICAL MANUFACTURERS, ODOO ENSURES ACCURATE BATCH MANAGEMENT, HAZARDOUS MATERIALS HANDLING, AND COMPLIANCE WITH SAFETY AND ENVIRONMENTAL REGULATIONS.**

# KEY BENEFITS:

**01** Maintain safety and compliance standards (GHS, MSDS)

**02** Batch-wise traceability from raw to finished chemicals

**03** Optimize raw material usage and reduce losses

**04** Full cost and formula control for R&D

# MODULES:

Manufacturing

Inventory

Quality

Compliance & Document Management

Purchase & Sales

PLM

# FEATURES:

- **Batch tracking with expiry dates**
- **Chemical formulation and recipe management**
- **Quality checks by pH, viscosity, and concentration**
- **Regulatory label generation and documentation**
- **Controlled substance tracking**

## READY TO STREAMLINE YOUR CHEMICAL MANUFACTURING OPERATIONS?

Let's explore how Odoo ERP can help you manage compliance, batch production, and inventory — all from one powerful, industry-ready platform.
